👤 Professional Profile

I am an enthusiastic Web Developer with a strong foundation in HTML and CSS, currently honing my skills in JavaScript as I embark on a project endeavor. Additionally, I possess proficiency in C programming, Data Structures and Algorithms (DSA), SQL, Database Management Systems (DBMS), Computer Networks, and Object-Oriented Programming (OOP) in Java. I am driven by a continuous learning mindset and am poised to delve into the realms of Artificial Intelligence and Machine Learning (AI-ML) in the near future.

🏢 Work Experience

I am Anup Bhar, a dedicated student currently pursuing a Bachelor's degree in Computer Science and Engineering at Hooghly Engineering and Technology College, Pipulpati, Hooghly. Entering my fourth year of study, I am eager to augment my academic pursuits with practical industrial experience. While my current exposure to industry-related concepts is limited, I am resolute in my commitment to develop a comprehensive understanding for personal growth and professional readiness. With a keen interest in web development, I am actively seeking internship opportunities to immerse myself in real-world scenarios and expand my industrial knowledge base.
